Message from the Honorary Co-Chair

The Shevchenko Foundation is a great source of pride and should be credited for the excellent work it does in the name of Taras Shevchenko, the iconic Ukrainian cultural and national figure. The Foundation makes transformational investments

in the arts, culture, education, and community development, allowing all Canadians to enjoy the richness of Ukrainian culture.

As the preeminent Ukrainian philanthropic body in Canada, the Shevchenko Foundation contributes to the strength of Ukrainian identity and helps shape Canada into a home for diverse and vibrant communities, a benefit to all Canadians.

The Shevchenko Foundation's reputation of professionalism and prominent role in the community is recognized by thousands of individual donors and supporters for 50 years and by the Canadian government, entrusting the Foundation in the management of the Canadian First World War Internment Recognition Fund's \$10 million endowment.

By giving to the Shevchenko Foundation you are funding many initiatives by artists, educators, performers, community organization and cultural associations that together make a difference in the lives of all Canadians and Ukrainians. I encourage you to join me in supporting this crucial work and in building a sustainable future for our community.

– James C. Temerty, C.M.

Honorary Co-Chair, Our Legacy Our Tomorrow Campaign

Community Development

"The Bloor West Village Toronto Ukrainian Festival engages our community in the goal of showcasing the most widely identifiable aspects of Ukrainian culture – music, dance, food, visual arts and community. Our free, three-day family-focused event attracts nearly 600,000 visitors of diverse nationalities and strengthens the multicultural fabric of Canada. Shevchenko Foundation support is important because it enables us to keep improving the Festival experience and to offer high caliber festival experience."

– Sonia Holiad, Executive Director
